FOR IMMEDIATE RELEASE

ARROYO PAREDON CREEK BRIDGE ON STATE ROUTE 192 TO UNDERGO ONE-WAY TRAFFIC CONTROL WITH STOP SIGNS BEGINNING NEXT WEEK

SANTA BARBARA COUNTY – The Arroyo Paredon Creek Bridge on State Route 192 (Foothill Road) will be reduced to one lane beginning Tuesday, May 27 until further notice.

Motorists will encounter one-way reversing traffic control beginning Tuesday, May 27 through Thursday, May 29 from 8 am until 3 pm and on Friday, May 30 from 8 am to 12 noon for the installation of protective safety barrier and re-striping of the bridge. The existing bridge rail is in need of replacement.

This project will result in the restriction of traffic across the bridge to a single lane controlled by stop signs at each end of the bridge allowing for one-way traffic across the bridge. This traffic control will remain in effect until this bridge can be replaced. Electronic message boards have been activated to inform the public about this project.

Caltrans reminds motorists to move over and slow down when driving through highway construction zones.

For traffic updates on other state highway projects in Santa Barbara County, motorists can call Caltrans District 5 Public Affairs at 805-568-0858 or visit the District 5 website at: http://www.dot.ca.gov/dist05/road_information.htm
